# MAKEUP

Makeup is necessary so that your dancer's face does not look washed out on stage. We are using bright stage lights. Without makeup, their features will disappear. We recommend practicing makeup and hair at least once prior to the show.

1. Concealer/primer on eyelids (so eyeshadow sticks) with light-coloured eyeshadow on the eyelid and dark brown in the crease. Make sure to blend the crease. Concealer under the eyes is optional.
2. A light layer of black eyeliner on the top lid and a light layer of eyeliner on the bottom outer corners of the eye (from the outer corner, pull eyeliner towards the inner corner until you reach about 1/3 of the bottom lash line).
3. Mascara on top and bottom lashes.
4. A generous amount of bronzer across cheekbones.
5. Pink blush above bronzer as well as on cheeks.
6. Red lipstick.

# WHAT TO EXPECT

*Dream Dance Club*

*Home Of Abbey's Angels*

We are thrilled to be having our recital LIVE in person this year. Your dancers have been working incredibly hard throughout all of their classes and are looking forward to showing you what they have accomplished. It has been tough navigating through Covid-19 with missing students each week while trying to learn routines, but your dancers have done so well throughout all of this. **Join us in celebrating our first live DDC performance since 2019!**

Our 5 dance teams will be showcasing their routines for you, followed by an awards ceremony where each dancer will be recognized for their efforts. The show will be approximately 1 hour and 20 minutes in length. We can't wait to see you there!
